

# Aravind Machiry

---

AFFILIATION	Assistant Professor, Department of Electrical and Computer Engineering, Purdue University.		
CONTACT INFORMATION	Purdue University EE 333, School of Electrical and Computer Engineering S465 Northwestern Ave. West Lafayette, IN 47907. United States of America	<a href="mailto:amachiry@purdue.edu">amachiry@purdue.edu</a>  <a href="https://machiry.github.io">machiry.github.io</a>  <a href="#">machiry</a>  <a href="#">Google Scholar</a> 	
RESEARCH INTERESTS	My research focuses on various aspects of system security, such as vulnerability detection, mobile security, trusted execution environments, static and dynamic analysis of source code, and binaries. I am also interested in developing novel static/dynamic program analysis techniques for system security problems. My research resulted in various Open-source security tools and several Common Vulnerability Exposures (CVEs) in critical system software such as kernel drivers and bootloaders.		
POSITIONS & EDUCATION	<b>Assistant Professor (PurS3 Lab)</b> Department of Electrical and Computer Engineering Purdue University, West Lafayette, USA  <b>Postdoctoral Researcher</b> University of Pennsylvania, Philadelphia, PA, USA Advisor: Mayur Naik  <b>Ph.D in Computer Science</b> University of California, Santa Barbara, USA Advisors: Christopher Kruegel and Giovanni Vigna <b>Thesis: Securing smart devices from the bottom-up</b> Supported by: <b>Symantec Research Labs Graduate Fellowship</b> <b>UCSB Graduate Division Dissertation Fellowship</b>	Jan 2021-Present  <
